

YAGYA BAHADUR MADAI

9841854064 | yagyamadai@gmail.com | Bhaktapur-01, Dudhpati, Nepal

SUMMARY

Dedicated IT professional and educator with a strong background in computer science, software development, and teaching. Currently pursuing a Masters of Information Technology (MIT) at Tribhuvan University. Skilled in full-stack web development, multiple programming languages, and database management. Passionate about applying technology to solve real-world problems and committed to continuous learning and professional growth. Adept at working in both independent and team-based environments with a keen eye for detail and a drive to deliver quality results. Eager to contribute technical expertise and teaching experience to dynamic organizations seeking motivated and versatile IT professionals.

EDUCATION

Masters of Information Technology (MIT) - Running

Bhaktapur Multiple Campus - Tribhuvan University

Duration: 2082 - 2084 BS | Currently Enrolled

Bachelor of Education in Computer Science and Information Technology (B.Ed CSIT)

Kailali Multiple Campus - Far-Western University

Year of Completion: 2082 BS | CGPA: 2.89

PROFESSIONAL HIGHLIGHTS

- ▶ Holder of Primary Level Teaching License -- qualified to teach at primary schools in Nepal
- ▶ Strong foundation in full-stack web development: HTML, CSS, JavaScript, React, and backend technologies
- ▶ Proficient in multiple programming paradigms -- procedural (C/C++), object-oriented (Java), and scripting (Python, PHP)
- ▶ Hands-on experience with relational (MySQL) and NoSQL (MongoDB) databases including schema design and query optimization
- ▶ Solid understanding of software development life cycle (SDLC) and agile methodologies
- ▶ Experienced in designing and delivering technology-focused lessons for students at various levels
- ▶ Strong problem-solving skills with ability to debug, optimize, and maintain code across projects
- ▶ Familiar with version control systems and collaborative development workflows using Git
- ▶ Good understanding of networking concepts, database environments, and system architecture fundamentals
- ▶ Effective communicator in Nepali, English, and Hindi -- able to explain technical concepts clearly to diverse audiences
- ▶ Ability to quickly adapt to new technologies, frameworks, and tools in fast-paced development environments

SKILLS

Programming: C, C++, QBASIC, Block Programming, Java, Python (Basics)

Web Development: HTML, CSS, JavaScript, React Framework -- building responsive and dynamic interfaces

Backend Development: Java, Python, PHP -- developing server-side logic and RESTful services

Database: MySQL, MongoDB -- query writing, data handling, and schema design

Tools & Version Control: Git, GitHub, MS Office, Chrome DevTools

Networking & Systems: Networking Basics, Database Environments, Computer Fundamentals

Soft Skills: Communication, Team Collaboration, Problem Solving, Time Management, Adaptability

CERTIFICATIONS

Primary Level Teaching License -- Government of Nepal
